

There's No Better Time for Lifeline!

Spring has arrived and it's time to live life to the fullest! At CHATS we are committed to delivering a range of services to help you "live well, age well and be well". With this in mind, we would like to introduce you to the Lifeline service.

Lifeline is an easy to use Personal Response Service available through CHATS that helps more individuals like you to lead independent and active lives at home.

With Lifeline you can:

Feel reassured that assistance is available 24 hours a day, 7 days a week at the touch of a button.

Live confidently in the comfort of your own home for longer.

Stay connected to those who care. Our experienced team of Response Centre Associates are always available and can contact a loved one or neighbour if you require assistance.

Give peace of mind to your loved ones who may worry about your safety and wellbeing.

Receive early intervention in the event of an incident which can reduce the seriousness of a condition or injury.

Lifeline is the perfect complement to the services you currently receive from CHATS. To book an appointment with a CHATS Lifeline Representative or to find out more about the Lifeline service, call (905) 713-1738.
